Class of 2025

## Freshman Advisement Card

**DIRECTIONS:** In pencil, a student must check 8 course selections and write in 3 alternates. Courses in English, Math, Science, Social Studies and PE are state requirements. Students should select the appropriate course in each of these subject areas. Once these required courses have been selected, students will need to choose their “electives”.

Student registration and course selections are completed in the spring. Many hours have been dedicated to creating a master schedule. The number of various classes, staffing needs, use of personnel, and balancing of class size were based upon the choices you made during spring registration. The registration card you submitted is on file and serves as verification of your choices. In some circumstances, your schedule may not be an actual reflection of your original selections due to master schedule conflicts or graduation requirements.

**This worksheet will serve as a tool and record of student course selections. Once courses are entered and stored in PowerSchool the selections will not be changed.**
